**Important update
regarding your
access to UPMC
providers after
July 1, 2019.**

Dear Marylou,

On June 24th, the Pennsylvania Attorney General announced that he has negotiated a 10-year contract between Highmark and UPMC. As a Highmark Community Blue Flex member, you're probably wondering what this means for you.

You are currently enrolled in Highmark Community Blue Flex, a plan with a high-performance network which provides you with access to some of the best doctors and hospitals in the region. Under the new contract terms, you will now have in-network access to a number of UPMC doctors and hospitals after July 1, 2019.

For your convenience, you'll find a complete list of your new in-network options, as well as those hospitals which will remain out of network, on the reverse of this letter.

This week's news affirms our commitment to preserving your access to quality care. We will maintain continuous communications to support you with understanding your plan and your in-network options.

Should you have any questions about your access to UPMC providers, please call **My Care Navigator at 1-888-258-3428 (TTY users may call 711)** between 8am and 8pm, Monday – Friday.

Sincerely,

Richard Clarke
Senior Vice President,
Highmark Inc.

Highmark Blue Cross Blue Shield is an independent licensee of the Blue Cross and Blue Shield Association.
